PSEF
PUBLIC SECTOR ECONOMIST FORUM

Second PSEF Steering Committee Meeting for 2015: Kimberley 3rd July

TO: Steering Committee Members of the Public Sector Economists Forum

RE: Request to attend the second steering committee meeting of the Public Sector Economists Forum for 2015 on the 3rd July in Kimberley

As a steering committee member of the Public Sector Economists Forum, you are kindly requested to attend the second steering committee meeting of the year, to be hosted in Kimberley on the 3rd July 2015.

As per convention, the meeting will be half a day and will deal with matters of the PSEF including initiatives to broaden membership; refining the website; identifying training initiatives for member and discussing common problems and shared research opportunities. In addition we will be organising a presentation that is relevant to one of the thematic areas that were identified at the previous meeting. One such option, under the theme of obtaining better sub-national economic data, is having the Government Technical Advisory Committee (GTAC) provide us with an update of the Digging Deeper Project, which aims to obtain finer grained economic data from StatsSA and SARS.

Please RSVP by the 12th June. All enquiries should be directed to both Paul Court (021 417 4001), email: Paul.Court@capetown.gov.za , and Moses Mlangeni (021 483 6210), email: moses.mlangeni@westerncape.gov.za

Regards

Paul Court (Chairperson)

Date 3rd June 2015
